

Scenario Bunker Walls

Setup and break-down a unique field setup in minutes!

Customize your game and change it whenever you want!

Made from commercial grade, 23oz gauge, mesh reinforced, double side-coated PVC!

Digitally-printed color skin!

Equipped with PATENTED Smart-Valve for easy handling of over inflation and auto pressure release, exclusively from Mighty Paintball!

Walls A, C and G come with a built in interlocking mechanism that allows the walls to be connected with other walls in the middle as well as at either end. All other walls only interlock at either end.

12 Month limited warranty and online product user guide!

Universal interlocking mechanism for unlimited combinations!
